

# MOTHER LODE TAILINGS

VOL. 33, NO. 4 | July 2020

## MESSAGE FROM THE PRESIDENT

Finally a horse show! The newsletter is a bit behind as several of our board members were at Murieta Equestrian Center for the AHANC and Pacific Slope Championships, social distancing and showing! Be sure to look inside for some photos from the event and some of the results.

I hope the COVID issue hasn't caused too many problems for you. I, for one, would like to be able to get out and about. However, having survived one epidemic I would rather not put myself in that position again. Please play it safe practice good social distancing.

Fuzzy Wuzzy is right around the corner! We are diligently working with Triple Crown to put on a fabulous event and stay within mandated guidelines.

If you have events, news, or photos you would like to include in the Tailings, please forward them to the editor at [mlahanewsletter@gmail.com](mailto:mlahanewsletter@gmail.com).

See you soon at the shows or on the trail. Feel free to call or email me with any questions or input about the club, at 916-996-8362 or [charleenaughton@att.net](mailto:charleenaughton@att.net).

## MYSTERIOUS DISEASES OF SUMMER

By Linda Siegel

At Magical Ranch, we've had a cluster of horse problems due to summertime conditions. Even though we are watchful for summer sores, it seems like they are always lurking and ready to erupt. Horses, after all, are large animals that get their share of scrapes, cuts, and have big mucous membranes. All those areas can attract that nasty little worm, most likely carried by flies, and cause a major eruption. The centerlines of horses are susceptible. We do a weekly check of all the horses' centerlines. Those centerlines can have scabs, and be a great entry for pigeon fever. So we put Vaseline or SWAT on any sore we find, and are sorely tempted to put it on every horses' centerline. We use Repel-x cream, too, on ears (inside and out), around eyes, around noses and mouths. I have been known to line up the fly masks, and put fly spray on all the fuzzy parts. It's really not so different from the fly sheets that come permeated with insect repellent.

Bottom line on sores is that they need to be cleaned, medicated, and covered completely. Mucous membranes are another very attractive area for flies to deposit those little worms that lay eggs and cause summer sores. The corner of the eye, corners of the mouth, the sheath on male horses – I've seen

summer sores on all of those, and they are especially hard to heal. There are specific wormers that target these summer sore carriers. Two of them are Quest Plus and ivermectin. My vet swears by Quest Plus used in April, and followed by ivermectin in June. Another area to watch is the lower legs – they can easily start getting nasty insect bites. Repel-x cream works, too – a handful run up and down the lower leg to the top of the hoof will keep the nasties away. In winter we long for summer, and then all these nasties appear, so we are eager to have winter return.

## 50 WELL-BRED, REGISTERED ARABIANS FOR SALE IN WASHINGTON

Sad news came recently regarding the sudden death of internationally known breeder and horsewoman, Patricia DeAtley, owner of the exquisite ranch, River Canyon Arabians in Asotin, Washington. Many of these horses have been shown, and you have your choice of a "who's who" of bloodlines. Ms. DeAtley showed and bred her lovely stallion, GH Markhaine, along with many of his offspring. She also focused on outcrosses to such known stallions as Bey Ambition and Versace.

For further information, you can visit the following Facebook sites: Patricia DeAtley, River Canyon Arabians, and GH Markhaine.

## COVID-19 AND UPCOMING SHOW

Special thanks to our friendly Mask Czar for keeping us in line at the AHANC show. It was not fun nor easy to keep a mask on in 90 degree plus heat. But we managed.

COVID-19 has made horse shows a little more challenging but with patience and time, things will get back to normal.

The upcoming Fuzzy Wuzzy show will be following all local, state, and county rules regarding social distancing including the wearing of face masks and encouraging frequent hand washing. Hand sanitizing stations are widespread on the grounds. We ask that all exhibitors/trainers/parents wear face masks when approaching the show office, ribbon table, and wear a mask at all times ringside.

**Be on the lookout for an entry form and way to pay fees online prior to the show. We are encouraging online payment via Venmo to reduce contact with show office!**
